

STUDENTS' DIGEST

India's Languages and Global Voices

Is Hindi our national language? Explore India's linguistic richness, AI's role in 22 tongues, living languages, and Gen Alpha's new words in this Digest.

Dive into the fascinating world of languages! Did you know India has no national language, but 22 official ones? In this episode of Pallikkutam Digest, we explore India's linguistic diversity and how AI is breaking down language barriers for millions. Discover which country has the most living languages and learn about the new words from Gen Alpha entering the dictionary. Celebrate our shared heritage and see how languages, both ancient and modern, connect us all.

ðŸ™‰ Watch the full video and celebrate the pride of every language!
